## FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Strong, tough, ergonomic, modular, easy to assemble and clean
- Thanks to the Link-Up fixing system device, it is possible to separate the bag holder compartment from the rest of the trolley. It allows to work with a great freedom of movement and comfortably during all waste or laundry disposal operations, having an easy access also to small and reduced areas, such as elevators, small hallways and laundries.
- Its vertical frames guarantee the maximum hygiene, being the laundry bag with dirty towels always separated from the rest of the trolley
- Vertical frames with slots for side baskets
- One central shelf to guarantee a higher capacity of the trolley. Loading capacity up to 30Kg, if the weight is equally distributed on the entire surface
- The fixed side walls and the side doors are completely smooth and upon request, they can be customized with drawings, pictures or logo
- Side closing door equipped with removable key and key compartment handle
- The central basket has a label which can be customized writing the operator's name, the working area or other useful information
- Wheels with shaped anti-tangle thread guard to prevent dirt from depositing

## FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- It is handy, strong, extremely modular and easy to clean
- Elegant, nice and good looking trolley
- Thanks to its several components this trolley can be fully accessorized and, consequently, it is ideal for any situation: not only for the change from dirty to clean linen, but also for the cleaning of the room and bathroom, for waste collection and mini-bar refilling.
- Side walls can be customized with images, special designs, pictures or brands, on request. The trolley becomes an advertising vehicle or an integrated part of the environment where it is used
- Doors grant the highest hygiene and safety and the trolley is, at the same time, clean and tidy
- Doors have a completely smooth surface, equipped with double locking system with removable key and a functional key compartment. They have a 270-degree opening for a better functionality during cleaning operations
- The base is equipped with an additional fifth wheel in the middle to be much stronger in case of a heavy loaded trolley
- The pull-out shelf can support up to 30 kg, if equally distributed on its entire surface
- The foldable bag holder allows to reduce considerably the overall dimensions of the trolley after use. It is equipped with ergonomic push-bar and rubber bumpers
- Handy and ergonomic push-grip with a hollow space and rubber lace where cleaning tools can be hold at the end of the working operations
- Handy sliding trays with lock and removable locking key, ideal to store working and personal tools, such as mobile phone, tablet, documents, etc... and keep them safe.
- Strong shelves with smooth surface for an easy cleaning and with slide out limiter for the highest security
- Possibility to add extra shelves and/or drawers 10 L, 22 L, 40 L, with or without lock
